**Dear Parishioner,** Support; an important word in our vocabulary today and very much so in our families. Where would any of us be without the support of the family which is the bedrock of society? Moses had his family, the Israelites of old, and note how they supported him, holding his hands on high, as he interceded for his people when they were engaged in defending the people. No cameras to record it, but what a sight it must have been and a wonderful family story. God, O God: I wonder is He always listening! Could he ever be akin to the unjust judge, who even though, apparently, not interested in the dear old lady in the gospel story, granted her request to get her, as it were, 'out of his hair'. I wonder did he still have hair and how long was the widow pestering him. Isn't this how it is in some families? In the time of large families, it was noticed that younger members easily got what they wanted, their first disco, holidays away from the family, etc., in comparison with the struggle the first members of the family had to endure. Even parents give way to pressure perhaps because of weariness or it could be that they too acquire wisdom over the years. Being human and trying to communicate with a divine being we use human concepts and the God we call on is sometimes likened to a parent who could possibly know what is best for the children. He may be slow in responding and we wonder why. Is the Almighty mind being changed or is it my request that is being modified?

October is the month of The Holy Rosary. Rosary will be said each Sunday for the month of October in the Parish Church at 6pm. All are welcome.
